☐ Soccer-themed supplies

☐ Pink desk accessories set

☐ LED desk lamp with charging station

STILL NEED TO BUY

Three ways to make it look pulled together

- **Buy notebooks in multi-packs.** One coordinated set across every class looks far more deliberate than ten mismatched covers.
- **Acrylic keeps everything visible.** Pens, sticky notes, paper clips and charging cables stay findable instead of disappearing into a drawer.
- **Put the lamp where the charging is.** A desk lamp with a built-in charging station removes one cable and one clutter pile at the same time.
